

MORA Goals

MORA is committed to promoting and improving recycling in Missouri. We believe that recycling can have a positive impact on the environment, the economy and our communities. MORA works to:

- Provide information and technical support to help consumers, businesses and governments reduce waste, recycle and buy recycled-content products
- Reduce waste through consumer purchasing decisions - *pre-cycling*
- Recover waste with safe and affordable systems for collection and processing
- Develop local "waste-based" industries to manufacture products from recovered materials
- Promote pollution prevention and the efficient use of resources to protect our air, water and land.
- Demonstrate recycling successes through the Show-Me Recycling project.
